DETAILED ACTION

This Action is in response to the communication filed on 1/5/2010.

The amendment filed 1/5/2010 is acknowledged and has been entered.

Applicant's arguments are addressed on a per section basis. The text of those sections of Title 35, U.S. Code not included in this Action can be found in a prior Office Action. Any rejections not reiterated in this action have been withdrawn as being obviated by the amendment of the claims and/or applicant's arguments.

Election/Restrictions

Claims 1-6, 13, 15, 18-41 are currently pending in the application and are addressed herein.

Claims 20-41 remain withdrawn from further consideration pursuant to 37 CFR 1.142(b), as being drawn to a nonelected Invention, there being no allowable generic or linking claim. Applicant timely traversed the restriction (election) requirement in the reply filed on 4/10/2009.

Claims 1-16, 18 and 19 are under consideration.

It is noted that applicants' argument with respect to the restriction of different nucleotide antagonists as now claimed is persuasive. Therefore, the restriction to a single nucleotide antagonist as claimed (i.e., antisense RNA, antisense DNA and dsRNA) is hereby withdrawn.

Applicant is respectfully reminded that this application contains claims 20-41 drawn to an invention nonelected with traverse in the reply filed on 4/10/2009. A complete reply to the final rejection must include cancellation of nonelected claims or other appropriate action (37 CFR 1.144) See MPEP § 821.01.

Information Disclosure Statement

The information disclosure statement (IDS) submitted on 1/5/2010 is acknowledged. The submission is in compliance with the provisions of 37 CFR 1.97. Accordingly, the information disclosure statement is being considered by the examiner.

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 15, 18, 19 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.
3. Claims 15, 18, and 19 are indefinite because they depend on claim 14, which has been cancelled.
4. It is noted that a telephone call was made to Applicant's representative on 3/27/2010 to discuss possible amendments to overcome the instant rejection, but the Examiner was unable to make contact with Applicants representative.

Allowable Subject Matter

5. Claims 1-6, 13 are allowed.

Conclusion

6. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
